

Workshop on “Artificial Intelligence for Digital Readiness & Advancement for Healthcare Professionals”

The Faculty of Science, Department of Computer Science, Era University successfully organized a workshop on “Artificial Intelligence for Digital Readiness & Advancement for Healthcare Professionals” on 28th April 2026 at 11:00 AM in the Mini Auditorium, Era University, Lucknow.

The workshop was conducted under the patronage of Prof. (Dr.) Abbas Ali Mahdi and Prof. (Dr.) Farzana Ali Mahdi. The event was convened by Prof. (Dr.) Santosh Kumar and co-convened by Prof. (Dr.) Arvind Kumar Srivastava.

The keynote session was delivered by Dr. Nimish Kapoor, who shared valuable insights into the growing role of Artificial Intelligence in the healthcare sector. The workshop focused on enhancing digital awareness among healthcare professionals and highlighted how AI technologies are transforming medical practices, diagnosis, patient care, and healthcare management systems.

During the workshop, participants were introduced to various AI-driven tools and applications used in healthcare. The speaker discussed topics such as machine learning in medical diagnosis, AI-powered healthcare systems, digital transformation in hospitals, ethical considerations in AI, and the future scope of intelligent healthcare technologies. Real-world examples and practical demonstrations made the session highly informative and engaging.

Faculty members, healthcare professionals, researchers, and students actively participated in the interactive session. The workshop provided an excellent platform for attendees to understand the importance of digital readiness and technological adaptation in the healthcare industry. Participants also interacted with the resource person during the question-and-answer session and gained clarity regarding the practical implementation of AI in healthcare services.

During the concluding session of the workshop, a certificate of appreciation was presented to Dr. Nimish Kapoor by Dr. R. K. Garg in recognition of his valuable contribution and insightful session. A special gift and token of remembrance were also presented to the guest speaker by Dr. Priscilla Samson as a gesture of gratitude and appreciation on behalf of the organizing committee.

The workshop concluded with a formal vote of thanks delivered by Prof. (Dr.) Santosh Kumar, who expressed sincere gratitude to the distinguished guest speaker, dignitaries, faculty members, and participants for making the event successful and meaningful. The program proved to be highly informative, interactive, and beneficial in promoting awareness about the transformative role of Artificial Intelligence in modern healthcare systems.

Workshop on
Artificial Intelligence for Digital Readiness & Advancement
for
Healthcare Professionals
