

# On Campus Activity by Stufit Approach Pvt. Ltd

Saturday, 1<sup>st</sup> April 2023

**Eligible Courses:** B.PTh / B. OPTO/M.Sc. Nursing/M.Sc. Food & Nutrition/M.Sc. Clinical Psychology

To enhance students' approach towards the organization and train them with live projects, the Placement Cell of the Era University organized a one-day event cum screening process by Stufit Approach Pvt Ltd.

The company's CEO, Dr S. Haider, briefed the students about the functioning of the Stufit Approach and the benefits of working with this organization as a volunteer trainee.

Stufit Approach Pvt Ltd. is a healthcare startup working towards the fitness of all school & college-going children/students through conducting health screening camps and providing health report cards. The company is working on many projects and is well-appreciated on many platforms & forums. It will initiate a pilot project with the Government of Uttar Pradesh titled "Lucknow Smart City". The Stufit doctors & volunteers team will screen Municipality school students in this project. The health camp aims to examine approximately 2000 students by May 10, 2023.

Stufit Approach Pvt Ltd. offered eligible students volunteer positions and selected 22 students from different streams. These students will join the camp along with a team of doctors by April 10 2023.

## Glimpses of the event
