Era varsity diagnostic van to help rural folk

LUCKNOW : Doctors' consultancy, pathology and X-ray facility will be available in the mobile medical van launched by Era University on Monday. The van shall traverse rural areas. "The van will focus upon people who are unable to visit hospitals for any reason. With diagnostic facilities, patients will be getting proper lines of treatment," said Prof Abbas Ali Mahdi, vice-chancellor, Era University. "The van has been designed to provide

reports immediately. The medical staff travelling with the van will give the line of treatment and all this in a short time," said Zaw Ali Khan, additional director, Era University.
